

## Opinion Poll

This component allows you to take a poll of a selected group or groups.

### For example:

An Opinion Poll page would be a valuable tool in learning the opinion of a group of people. For example, you could use an Opinion Poll to discover whether the public thinks your school mascot is politically appropriate. You could poll everyone in your district and have them choose from a selection of statements. The opinion poll will give you the total number of responses as well as break them down into percentages.

#### Best Software Feature

What do you like best about the School Center Software?

- ☒ That teachers can create web pages in less than an hour of training.
- ☐ The unique look and feel you get with School Center
- ☐ The gallery of clip art and how easy it is to add a picture to your page
- ☐ The calendar, recurring events and getting info from other calendars
